HOW I SHARPEN MY SKILLS

Codility
I love doing algorithm challenges on codility and project UELA, even though this is just a recently found hobby, it has become one of my favorite things to do.

Udemy
From time to time I take a Udemy course to learn a new skill or to gain in-depth knowledge of a language I already know.

Projects
I like taking on private projetcs that I may use practically to speed up my productivity or that I can share with others to use.
